epilogue

[image]

The cries of a child woke up Eclipsa and Globgor. They had a child that was now 3 months old "come here my little star." Eclipsa said . She picked up a child which had blond hair which she got from her great grandma skywynne , little tan skin for her grandma solaria, and the cry of a monster.

Although She looked fully Mewnain aside from 2 things: her tail and If you looked at her head you could see 2 very tiny horns but her mother loved that about her. She had Meteora a few years ago and adding Star was a blessing . Her life was perfect aside from one major thing .

She's the queen of Mewni.

She's married to Shastacan.

She's supposed to hate monsters.

Not have children with one.

She's supposed to have children with shastacan .

Thankfully no one knows that she has children with globgor . And she'll make sure to keep it like that . She doesn't know what she'll do if they find out.

She hid Meteora under her castle and Star was with her father because he could watch her more .

"If anything bad happens I'll protect you . Don't worry my shining star. I'll protect you and Meteora."

This is the first chapter and it kinda sucks but I'm doing this because not many people do Star is eclipsa's daughter. I only saw one so I wanna make this and I hope you liked it . I LOVE YOU ❤

In the past
Moon POV
"You're saying I can't have a child?" Tears coming in the prick of my eye "I'm sorry Queen Moon but you infertile there's nothing I can do I'm sorry." The Doctor said.
As I went back to the castle I started to cry.

What am I going to tell to river ? What am I going to tell my people?

Time skip

"How did the appointment go?" River asked. And that's allI started to sob for 5 minutes straight . Through my tears I said "I can't have children."
"Hey , it's okay. I still love you and we can adopt right?" He said, trying to comfort me. He might have not been the smartest or the handsomest but he made me happy. It made me feel worse. "It's not that. What About the people? What will they say? I know they won't accept someone who wasn't of royal blood."

"Maybe we can- . Maybe we can talk to the Magic high commission about this?" He says.

That's it.

" River, thank you! You're so smart, how could I have not thought of that!" Hope is coming back to me. I kissed him, and Just like that I left to see them.

Time skip

3rd POV

"Well what are we going to do?" Heakapoo asked the rest of the commission. Moon left a while ago after she told them the news. The commission told her they could handle the problem and she could leave. "I don't know?Maybe find a child that looks like her?" Rhombulus responded.

"We were even lucky we found festivia. It was hard enough to find someone who looked a little like eclipsa. How do you think where going to find someone who looks like moon and river?! People aren't as stupid as they used to be." Omntraxis said in return. "Well we have to do something! We can't keep her waiting or the people!" Heakapoo says.

"BBBBAAA." Lekmet finally spoke. "That's true, but that should be our last resort." Omntraxis said in return. "She doesn't even look Mewman! So she's off the list." He finishes.
"But there is a necklace that used to exist that made anyone who wore it look like a mewman. Maybe we can find it or create it and make her wear it. Well even put a binding curse on it so she can't take it off. It's a win win! They get a child we get to keep our secret."Rhombulus said.

Time skip

"Are we really going to do this? This could turn out bad." Heakapoo spoke unsure

"Relax as long as Eclipsa doesn't escape and as long as this child doesn't take off this necklace we'll be safe."

Hope you liked it! Sorry it took forever. I'm just bad at writing . Hope you have a great day!

Why do I always feel like somethings missing?

Season 3 ,episode 1 "return to Mewni"
This is the episode is the one where star has to go back to Mewni because toffee back

Star POV
Star! We need to be quiet! We don't know who might be listening." My 'mother' said. "I'm sorry" I never really felt connected to her. Like I really don't know her . At the same time she never really showed me love .

Sure she did care for me but I can tell she felt differently about me. "It's okay." She replies to me . Not having that much care in her voice "Can you check on the Commission?" She asks "Yeah, they seem okay." I responded.
To be honest I never really liked the 'magic high commission' . What was so special about them anyway? They didn't like me back . They would always stare at me with disgust and didn't show me any emotion. They would always stare at me and look at every little detail.

"Oh, looks like ol' Heckapoo is gonna be an aunty!" I say trying to lighten the mood "how exactly are we going to de-balloonify them?" I'm a little Curious. "Once we're at the sanctuary, the Well of Magic should be able to rejuvenate them."

"And Lekmet is gonna meet us there?" He's basically the only one I liked and I think he likes me too. Unlike the rest which look down upon me, he treats me kindly and when I talk to him he ACTUALLY listens (unlike the rest) he was also the one who gave me my name 'Star' I don't know why but I like it even though it feels like he wasn't the one who came up with it. "Yes, he'll meet us there." My 'm' said. I can tell She's hiding something by the tone of her voice. "Okay, great." I said trying to sound as positive as I can. I look down

and see that the warnicorn pushing our carafe looks tired, and it never does.
"So what's up with that warnicorn? It looks tired." I point out to my 'mom' to see if she also noticed "What?" She asked, confused

. Just then the warnicorn disappeared and the cart went crazy. "what is going on!" I ask scared we were going to die "It's the fritz! It's causing all magic to weaken and fade." And just like that, we were on the ground with no ride and no shelter. "It's okay, we're all right, as long as we have this magical path to guide us." She said trying to reassure me and I thought to herself as well.
Of Course it could only get worse because the light path disappeared right then and there "I guess we're setting up camp." She said, admitting defeat.

I'm SO sorry it was short I wanted to post this today because I missed last week and I'll post the rest tomorrow I didn't want to leave you guys hanging

It does this all the time

[image]

I forgot to mention but she doesn't like Marco in this story I'm sorry! But maybe later I can work it in if you guys want)
Star POV
As the queen tried to start a fire with her magic . I would tell it was hopeless for her to Star it like that "don't worry I got this." I say to her as I point my wand to light the fire . It started to show green light . She quickly put her hand on my shoulder " stop! It's corrupted!" She tried to grab it from me. " what? No it's fine this happens all the time. Glossaryck didn't care." I pushed her back a little to not grab it . Who said she was allowed to grab it from me? A little rude.

"Glossaryck isn't here and he probably isn't coming back." She stops trying to grab my wand. "What. What do you mean?" I mean I knew something was wrong with my wand ,but I didn't know it was that bad. " toffee has Glossaryck. And your wand seemed to be tainted by his dark magic as well. It's the same magic I saw when I fought ludo." I knew for a fact that some of that 'dark magic' Was caused by me . I tried some of eclipsa's spells . They aren't bad as people say they are . She seems very nice and I feel like I have a connection with her . " Let's start the fire and head to the sanctuary in the morning."

She went to the supply's we had left to see what we had. I could hear she was having trouble. I started to make a fire with the skills Marco taught me. She turned around and seemed surprised " did your father teach you that?" Why Did she say it so weird? I have more of a connection with him but not a lot. When he has time he tries to spend it with me but it never really works out. At least he tried to make an effort. "No Marco did. Marco taught me a lot . All the cool teen stuff." As I finish my sentence I see her stop on the fire and put it out "wha- what the heck!" She hushes me and points in a direction.

We head over and hide in the bushes to see some rats looking

around " looks like they're just scouts. We'll let them-" I was already behind the rats " look!" I whisper to her " Star! No!" They heard her and started to try to run . "Fine!" I was a little mad by now and grabbed a stick. "Stick blast!" I started to hit the rats and one by one I knocked them out . " you see that!" I said to queen " we need to get out of here immediately. I can't believe you'd be so foolish to-" then we headed squeaking and saw one of the rats untie the magic high commission and then flowing away . " the commission!"

The queen started running to catch them and I followed behind . She was so close but they flew up and were out of her reach. "Where did they go?" She said, taking a breath. "Up there." I point to a tree that looks very shady. " guess we're going up." She grunts and starts climbing . I hear her mumble 'she never listens to me' . "Well Im sorry what's the big deal?" I say responding to her comment " the big deal is that you're reckless and put us in harm's way." She responds. "It's just a little danger." I see a skeleton and take its hat and put it on my head. " Im a right." I say elbowing the skeleton

" Mmm! Mmm!" I turn to see moon trapped under vines . "Oh my," I pulled her out. " Are you okay?" I ask her, " Yes, let's just get the magic high commission and get out of here." She tells me . " Okay" I respond and return the hat to the skeleton " here you go."

We found the commission and untangled them " look over there" she pointed to a direction and looked.

The sanctuary.

Bwaaaa

Stars POV
As we walked up to the sanctuary I saw an alligator. Jokingly I say " Is it the sanctuary guardian?" I laugh at my own joke. "No, he's the gatekeeper." She said in a serious voice.
"Wait,what?" She walks up to the alligator "Bwah!" the alligator respond with "Bwahh!" They continued to exchange the the same noise . " she's losing it" I say to myself . The alligator soon go the water . The ground shakes and out comes a build the from the water. We go inside the sanctuary. "Wow, you all the Glossaryck." It's kinda creepy but it's also very cool. "Yes, Star . The Queens of Mewni have been coming here for generations." She says . "What now ?". She goes to a valve and turns it. Three big flowers come out of the water . "Okay put them in their pods so we can revive them."
I start to put them in their pods. When I finish all of their pods are shining a light on them. "Stand back. I'm going to open the wellspring." She turns the wheel and Tubes come down with black liquid. " Um, is it supposed to look all back and goopy like that?" I asked a little worried . Sure I might not like them but they should have that stuff in them . "No it's not!" She Immediately Closes them . We both went up to the top of the wellspring. We look inside to see it all black and goopy . "I feel like that's not how it's supposed to look" I say " no it's worse than I feared." She says a little frighten . " you okay?" I ask " we'll have to go With plan B." She says in response. "Okay,what's plan B?" I ask. "We'll talk about that after we settle down." She says a little more worried. " look at you your covers in scratch's. Let's fix you up." Okay now I know she's actually scared. She never cares if I'm scratched up. She grabs Marco's hoodie and tears off on of the arms. I gasp "what are you doing!?" I ask a little angry. That's Marcos jacket . That was all I had left of him. "Look at it . It's already in tatters." She wraps it around my arm . " wait , how are we going to revive the magic high commission."
"Don't mind that right now . This place is very hidden." She

pushes some some bushes away and reveals a vending machine "Do you want creamed corn of corned cream?" She says trying to avoid the topic. "Do you have any change." "Wait, so we're just going to hide? That's your plan B? That's a terrible plan B!" I say in protest. "Your safety is my priority right now." Okay that's a lot of crap . "Uh, I didn't blow up my whole life just so you could give up! Come on, we could track those rats back to Toffee and end this whole thing!" I say a little mad because it's the truth. "Even if the Magical High Commission was okay, we still wouldn't be strong enough to defeat Toffee. Our best bet is to lay low until the situation changes." She says in responds "You lied to me." I said I'm anger . I walk away."Star, what are you doing?" She asked a little panicked. I turn around to face her "What else have you lied about?I bet Lekmet isn't even meeting us here!" She snapped "Lekmet is dead, Star. And it could happen to us too. Toffee won't stop until he finds this!" She pulled out his severed finger. " Did you take that from my closet? And you're just carrying it around?" I asked . It's kinda weird to do that "It's too dangerous to do anything but stay." She said in protest "No!I am not hiding here until I am old and gray like you! This has to mean something!" I say and hold up my wand to do a spell. "No, Star! The wands are linked! He'll find us!" She says now fear in her voice that's clearly visible . "Oh, like he won't find us with you carrying his finger around! I defeated him once! I can do it again! Fantastic Exit Beam!" " Star, stop!" She screams at me . I scream back "Why?! What happened to cool warrior queen Mom?!"
"I was never a cool warrior queen, Star". She lowers her voice . I can see tears in the prick of her eye "I was a happy-go-lucky girl like you. And then Toffee and his monsters killed my mother." I freeze.

I slowly put down my wand and went to go sit next to her . I say quietly "thought you sent Grandma to a grandma farm to hang out with other grandmas." She sighs "Oh, Star." I put down my wand in front of her . " Tell me ." I asked calmly "I was about your age when it happened. I didn't know what to do, so I spoke to Eclipsa." She admits to me . "Eclipsa Eclipsa? But she's been dead for hundreds of years!" I was kinda happy that she was alive not going to lie but I didn't show it. "No. Eclipsa's alive. And I made a deal with her."

I know these chapters are very similar to the episode but don't worry in a chapter or 2 things will get more spicy.

Moon the undaunted

[image]

⚠**Okay you really don't have to read this one if you don't want too it's basically like half of the episode so I guess you can skip for you want to. But the other one will be her talking to eclipsa so stay tuned**⚠

3rd POV
The day was gloomy. Outside the Mewni castle you could hear monsters amassing weapons and preparing for an invasion.
Inside the castle young moon Butterfly was wearing a black robe holding a picture of her recently deceased mother. Just then count Mildred was at the door. "Hey, Im sorry , am I bothering you?" He asked. "No, Count Mildrew. I'm just-" Mildrew cut her off "Mourning the loss of your mother? I understand.". "It's been a hard week, but I'm-". He suddenly cut off moon with a hug. "There's no need to be strong. Deal with your feelings. We will handle everything else." Moon was a little irritated.
One of Moon servants walked in "Uh, Princess? Uh, uh, I mean, Queen Moon? There's a... a situation in the... in the situation room." He said a little nervous.
They walk into the room seeming Mina hitting Archduke Batwin with her pigtails. "I swear it wasn't my orders!" He Says in protests . Mina whips him again. "You shut up during your confession!" Mina says to him . Just then moon entered the conversation "Mina?"
Moon approaches a meeting room table where Mildrew, the royal guard babysitter, Lekmet, Rhombulus, Omnitraxus Prime, and Hekapoo are sitting."What is going on?" asks
.Mildrew pulls a chair out for Moon, but Moon pushes the chair back and then pulls it out herself before sitting down. "What is going on?" She asked again more stern voice "According to this dingus here, one of his mooks lammed off with half an army, and they're the ones who put your mama in a wooden nightgown! You know, they, uh... T-They put her on ice. Uh, drapes down in funtown." Mina said making it more awkward with each word. "Thank you, Mina." Moon said signaling for her to stop. "Uh, sorry

about your mama." She said quickly. "The queen and I were about to sign a peace treaty when one of my generals went rogue." He said giving his side of the story. "Rogue wha-who?" Mina asked. "He's known as... th-the "Lizard"." He responds to her question with.
"Put this guy in the caboose, and let's croak those toads!" Mina says.
"I think we should go to war." Says Rhombulus said in a confident voice. "Now is not the time!" Said Mildrew.
"And her magic isn't strong enough for war yet." Said omnitraxus said in back. "Especially against the lizards. They're indestructible." Heakapoo said. "We need to go to war!" Mina screamed. "We need to sign the peace treaty!" Heakapoo said angrily. "Yelling feels really good right now!" Rhombulus said.
Everyone in the room starts yelling over each other while Moon looked exhausted.
"Maybe w-we should let Moon decide. She is the queen." Said river . The smallest one there
Moon smiled at River. "She just lost her mother, River. She needs time with her feelings." Said Mildrew
Everyone starts yelling at River, and he sinks into his collared shirt while blushing."I am the queen now, so I will make the decision. My decision... is that I will make a decision at dawn."
"Ugh. Why did I say "decision" so many times?" She asked herself.
"Queen Moon! I'm sorry I spoke out of place. I-I got you something." He said a little out of breath.
River gives Moon a leg of meat with the word "SORRY" carved in it.
"Uh, what is this?" She asked a little confused
"It's an apology meat. It's how we Johansens apologize." He said responding to her question . She takes his apology mear "It was a relief to know someone believed in me. Thank you." She said gratefully. While blushing and doing finger guns says "Hey! Anytime, pal!'"he turns around to walk away as he mumbles 'Did I just call the queen "pal"?'
Moon returns to her bedroom and curls up in a ball on the floor.
"Ugh! Oh, apology meat, what am I going to do?" She ask to it .
Moon hears muffled crying coming from the Book of Spells. She opens it and finds Glossaryck crying. "Oh, Glossy, are you okay?"
Glossaryck looks up from crying "No! Your mama's gone!" He says and stars crying again
"I know." Moon said in a sadden voice. "And she's never coming back!" He said. "No, she isn't." She said quieter and with more

saddens in her voice "And I really liked her, too." He said crying more. "I know you're upset. So am I. But right now, I really need your help. Things are bad. I-I have to decide between signing a peace treaty or waging a war." She said looking at him for guidance. "Oh, yeah... That. I don't know. Just pick one. Sure it'll work out." He said with not a care. "That's not helpful at all." She said . "Yeah, you're probably right. I'm in no condition to give advice. If you'll excuse me, I'm gonna go cry in your mama's chapter." He turns the pages of the book to the skull lock on Eclipsas chapter.

Yeah I know this was sucky so that's why I'm going to post one more chapter today and another one tomorrow too

Moon the undaunted (pt2)

[image]

⚠As I said like the other chapter it's like the episode so you don't have to read this one. That's why I'm still posting today again ⚠

"Eclipsa's been crystallized for hundreds of years. I've got no idea what's gonna happen when we open this up." Rhombulus said giving moon one last chance to turn around. "I can handle it." She said
Rhombulus unfreezes Eclipsa's upper body." "Hoo. Okay, I'm out. Uh, call if you need me!" He said running away Moon points her wand at Eclipsa in defense. Eclipsa gasped and fac3 fell on the crystal. "Oh, my gosh, I killed her!" Moon said shocked.
"B...4..." you could hear eclipsa whisper. Moon not fully understanding her asked "what?"
" B...4.." you could hear eclipsa repeat Eclipsa
"Before"? Before what?" She asked more confused. Eclipsa moves her eyes in a certain direction "B...4..."Moon looks behind her to sees a vending machine of snacks. "Oh, wait. You want the candy?" She points at the vending machine . "B4! B4, B4, B4!" Eclipsa said eagerly. "O...kay?" Moon said a little weirded out.
Moon put coin in the vending machine and presses B4. The machine vends a "Snookers" candy bar. Moon fed the candy to Eclipsa. Eclipsa ate it impaciente. Eclipsa pulls her right arm of her frozen glove, revealing a black forearm. She grabs the rest of the candy bar out of Moon's hand. "Aah!" Moon said shocked to see eclipsas arm like that. After a few seconds of eclipsa eating eclipsa ask "How long have I been here?" . "Uh, like, three hundred years?"she answered. Eclipsa Choked for second "Three hundred years?!" She paused and took a bite of her candy "So, you're the new queen?" She asked looking up and down at Moon. "Yes, what of it?" Moon asked in defense. "Well, it's just you're far too young to be queen, unless... Oh, no. Unless your mother – is she...?" Eclipsa said in a concerned voice. You could hear Moon sniffle and nodded with tears in the prick of her eye. "I see. I lost my mother, too, when I was not much

older than you." Eclipsa said try to synthesize with Moon

"Ever since Mom... Um, since I became queen, everybody's been looking to me to end the war and make all these big decisions, but I'm just a kid! I can't decide the fate of Mewni! I can't even decide which boy I like!" She said stressed . "I know how you feel." Eclipsa said. "But that's not why I'm here. I need you to teach me one of the spells from your... forbidden chapter." Moon said the last part a little more awkward. " "Forbidden"? Is that what they're calling my chapter?" Eclipsa asked. "Yeah, sorry. I didn't name it. But the point is I need a spell that can destroy something that's immortal." Moon said. "Are you sure that's what you want?" Eclipsa asked making sure that's exactly what moon wants "It's my only hope." Moon said desperate

"Well, the spell you seek requires a magical contract. I can give it to you. But once your enemy is killed, you must give me something in return." Eclipsa said to Moon . "Okay, what do you want?" Moon asked

"My freedom."

"What?!" Moon said shocked "Oh, I know. It's a lot to ask. But... I've just been here so long, all by myself. I want to buy my own chocolate. Or those little shrink-wrapped muffins at the bottom. Mmm!" Eclipsa said to Moon . "But these are Rhombulus' crystals. I can't free you." Moon said still shocked

"A contract between two queens is stronger than any crystal. Now, do you want to learn the spell?" Eclipsa said pulling her arm out for Moon.

Moon takes Eclipsa's hand, and a magic black ribbon wraps around their hands. Both of their cheek marks start glowing. After a few moments, the ribbon vanishes, and their cheek marks stop glowing. "Come close. Now..." Eclipsa whispered the spell to Moon. "and aim it directly at his heart."

Just then Rhombulus froze her again "What was that for?" Moon asked. "I'm just doing my job, your Majesty. Evil queen, gotta freeze it." Rhombulus responded in a stern voice. "She didn't seem so evil."

"The queen is late." Said a Mewman in the situation room. "Look!" River says pointing out the window

Moon rides on Lil Chauncey's back toward the monster army outside the castle. "She's gone mad with grief! She was so young!" Sobbed Mildrew. "She's not dead yet, you fool!" River said . He was offended on what Mildrew said about the queen
The monsters see Moon approaching. Moon stops before the monsters and lays down a blanket. She takes out eating utensils, a goblet, and River's apology meat and starts to eat.
"Uh, can we help you?" Asks a monster. Moon cuts a piece of meat"I wish to speak to the general." She took a bite. "The general?!" Another monster said. All the monsters started to laugh.
"Silence!"
The *lizard* emerges from behind a wall of skulls and approaches Moon. He takes a bow "Hello, Princess."
"I presume you're the one they call the "Lizard"." She asked
"Yes, but you may call me... Toffee."
"Toffee? How is that any better?" She took another bite
"What do you want?" He said coldly.
"I want you and your army to leave immediately or face the consequences." She said stern.
"Your mom couldn't defeat us, and neither can you!" Said a monster . The same one from before
"I was hoping you'd say that." Moon stood up and pointed her wand at toffee
"We're not afraid of your little girl magic!" Said a monster. "We're invincible! Just watch!" Said a different one
The monster holds out his left arm, and the first lizard monster opens his jaws around it.
"No, wait! I already know about the—!"
The lizard monster bites off the monsters arm.
"Ugh!" Moon said in disgust.
The monster grows a new left arm.
The other monsters cheered
Thats was it
"I call the darkness unto me from deepest depths of Earth and sea.

Moon From ancient evils unawoken, break the one that can't be broken.

Moon To blackest night, I pledge my soul and crush my heart to burning coal."

The top of Moon's magic wand becomes stained with black, and black veins appear along her arms.
"To summon forth a deathly power, to see my hated foe devoured!"
"Enough of this." Toffee said
Toffee reaches out to grab Moon, but she fires an energy blast that severs his right hand's middle finger and knocks him over. Toffee's severed finger disappears.
"Have you learned nothing?" He said
Toffee tries to regrow his severed finger, but the regenerating finger crumbles to black dust.
The monsters where shocked
"It's not growing back!" One screamed
The monsters run away and scatter to the woods, screaming in terror.
Toffee stands up, dusts himself off, and walks away angry.

River arrives on the back of a warnicorn.
"Queen Moon! You did it!" River said happily "Oh, my gosh, River! Thank you!" She said as she hugged him
The Magic High Commission approaches Moon.
"What... did you just do?" Rhombulus asked cold and stern
"I did my job! And as your queen, I will continue to do my job of protecting this kingdom! I will hunt down the remains of the monster army and scatter them without country or leadership!" She said confident "Now, are there any questions?"she said stern
The members of Moon's royal court stare at her.
"I didn't think so."
Moon walks toward Butterfly Castle, and her court members bow to her

Okay boom I'm done with this part and I will post today since it's like the episode so 2 chapters in one day !yay! Trust me the next ones going to be different by a lot. Let's just say . Some times it's not good to snoop

SLEEPOVER!!

[image]

⚠**Heads up . It's like the episode aside from around the end of the chapter. That's where it gets good.**⚠

Star POV
Thank you for telling me the truth." I told her. "That's in the past now . Come let's get some sleep." Moon told me. "I can agree on that"

Small time skip

" Marco, we're late for school!" I scream as I wake up . "I'm not Marco." Said moon. "Where am I?" Then I remember. I'm in the magic sanctuary. I look around to see this greenish-blackish goop pouring out of everywhere. "Let's go!" Moon said. She tried to press the button to leave but it was jammed. "There's no way out !" She said panicked. I pull out my wand " Escape Route Blast!" I say point it to the wall. The goop and my wand glowed a green color. It made a huge while in the wall.

Me and moon ended up on the shore as the sanctuary sank back into the water with the green goop. "Magic is not supposed to do that" I said, a little shocked. "I'm not sure what that was, but my Magic's gone." Moon said as she tried to use Magic. "Rats" I say to moon. " I'll be okay." She said, " no rats." I point to Ludos rats. " We gotta hide." I pull her and me behind a log. We see the rats sail by us.

"Narwhal-!" Was about to finish when moon stopped me. "Star,no" Then she grabbed my wand. "You can't take my wand!" I said to her with hate in my voice.

"It was mine first! No more magic until we find a way to stop this." She said then I could hear her mumbling under her breath. All I could make out was

'you.aren't.....child'

What does that mean? "I got an idea. Let's go destroy toffee! Come on let's go! Let's go kill him." I wasn't going to tell her but when I read Eclipsa's chapter I read the spell to kill the un kill Able, and I was going to use it. "Star no." Moon said

"Well what's the plan? Cause I don't see one." I told her. "Star, I don't have a plan.I'm trying to keep us safe."

" Okay well we can't stay out here." I saw a snake next to me and punched it " it's creepy."

"We need another hiding place," Moon said. A frog passed us and an idea came to mind. I got it! "I think I have an idea where we can go. But you have to trust me."

Time skip

We arrived at buff frogs house and I knocked on the door. He opens it "Buff Frog!" I say "Star butterfly! It's been too long!" He hugged me. I've never told anyone but I didn't ever really hate monsters . I only fought them to protect myself. But aside from that I was always fond of them . They really didn't seem that bad . I think that's part of the reason I liked Tom.
"Ahem"
I forgot she existed. "Oh , queen moon. Greetings ." He said a little embarrassed that he was wearing his pajamas. "this is Yvgeny Bulgolyubov" I said introducing her to Buff Frog. "Ah, no, no. Please call me Buff Frog." He said .

"He used to work for Ludo, but he's cool now." I said calmly because it wasn't that big of a deal. "What?!" Moon said . "Hey, Buff Frog, can we crash with you for a night?" I said ignoring Moon. "Of course. I owe you for all that tadpole-sitting." He said happily. "Star, can I speak with you?" Or great, I can already feel it. "We cannot stay with him. He's a monster."

I wasn't surprised when she said that. It's common for Mewmans to think like that. "get with the times. Not all monsters are bad." I told her. Out in the forest, a twig snapped.
"What was that?" Moon asked, a little jumpy. You could see creepy eyes coming from the forest. "Well, it seems we have no other

choice." She said reluctantly. I entered the Buff Frogs house . "Uh, welcome to my..." he said, trying to be kind. But of course Moon ignored him. "...home."He finished.

My feet were covered in mud. "You're in luck. It's rainy season." He said "Ah, so good for the skin. Oh, uh, no shoes in house." He finished. I didn't care really but I could see Moon was uncomfortable. I put my face in the mud . " Buff frog, wonderful home." "Yo, Buff Frog, where them babies at?" I asked, I really wanted to see them.

"Oh, I just put them down for nap." He said. Just then the babies jumped from behind the couch. "Babies!" I said. "Oh, I missed your little baby faces so much!" I was so happy to see them.And they pulled out their arms!

"Oh, my gosh, you have little baby arms!" "Ah, yes. All except little Katrina. She is late bloomer." He said. "Oh, you little special snowflake." I said, trying to lift up her spirits.

"Babies, say hello to Queen Butterfly." Buff Frog said. "That really isn't-" she tried to stop him but it was too late. All the babies jumped on Moon, knocking her into the mud. I feel like she deserved that. "Star, I have been so worried about you." Buff Frog said.

"Why? I'm good." Confused. "Well, when Ludo took your castle, I thought, you know..."Buff Frog makes a slicing sound while gesturing across his neck. "Whoa, whoa, whoa, wait. Toffee has our castle?" I said. "Toffee is dead. Ludo in the castle." He said. "Ugh! Toffee is not dead. Toffee inside Ludo." I said to simplify it.

"Oh. That is... so creepy." He said weirded . Wait "Dad's still in the castle! We have to go save him." It feels weird to say 'mom' and 'dad'
"...No." She said coldly.

"He is your husband!" I said. How could someone leave their loved one behind? "Star, I've made my decision. We stay here." She said "Excuse me. Where is your washroom?" She asked Buff Frog. "Uh, washroom?" He asked, confused. "Yes. I'd like to freshen up a bit."

She made it sound so elegant.

"She needs to make a boom-boom!"
I said.I was still mad at her for leaving him behind. "Oh! The washroom is out back." He said simply. "Thank you." She left embarrassed

"I'm sorry. She's got... monster issues." I apologized for her. "Yes, I'm getting certain... vibe from her." He said. "Yeah, we all are. But, Buff Frog, I came here for a favor." I said to him straight. "Of course. Anything for you." He said happily .

"I need you to hang out with my mom. I need you to keep her busy while I go find Toffee." I said seriously . "Star, Toffee is very dangerous. Do you have a plan?" He asked

"I have a plan." I said. "Okay. When Moon returns, I will distract her." He said. "Distract me from what?" . Crap. "Uh, from this."Buff Frog lifts up part of his chest, revealing a Ludo tattoo with the word "Forever" written below. I was shocked . "I didn't want you to see it. Bad choices in the past." He said. "Oh. Thank you. So what do you monsters do for entertainment?" She asked. "Uh, we could smash bugs." He said Oblivious. I elbowed Buff Frog. "We could play board games." He said changing it because I was going to escape. "Great idea, Buff Frog. And I will hang out with the babies in their room" I run into the babies room and close the door. "Your daughter is... very strange." He said. "Thank you." She didn't really sound flattered.

I could hear him talk as I tried to escape. "We have many option of board game. "Hungry Hungry Mewmans!", "Mewman Slayer", "Monstropoly", "Mewman Trap", "Monster Conquerors", "Castle Crushers", "Kill the Queen", "Mewman vs. Monster"... Oh! My favorite – "Puddle Defender"." He finished.
"Hmm, interesting." I could hear her say .
"I like babushka monster." He said
"I don't know why, but I'm drawn to this one." Moon said . It's probably a mewman. "Okay, the rules of Puddle Defender are..." then the saw me . I gave him a thumbs up

"Uh...Um... the rules are..." said.

"Yes?" Moon said frustrated. "Uh, rules are simple. The evil bloodthirsty Mewman – that's you – must try and sneak past watchful monster parents – that's me – break into daycare, explode helpless monster babies, and turn them into stew for eating."
"That is horrible!" She said,

I snap a piece of bamboo and it makes a sound. Oof. Moon hears and starts to turn her head.

"Hey, here is dice! You roll first."

"Seven. One, two, three, four, five, six, seven. You are a filthy Mewman. Use teeth-sharpening spell for better eating of monster baby.""

Meanwhile, I swam across the mud puddle under its surface using my bamboo to breathe.

"Really?"

"Is this fun? Heh.Who will get to daycare first? Suspense is killing me ."Congratulations." Oh. "You set a Mewman camp on fire. Collect four corn pieces from bank.""

"Hmm. Come on."

"Oh, you land in a mud puddle. You get nothing. Tough break."

"Hm. This game seems a tad biased."

"Really? I never noticed.Yay! I get more corn!"

Uh oh, I came up and coughed a lot
"Did you hear something?" Said moon
I managed to avoid her gaze by dangling from the ceiling via a vine.
"I hear nothing." He said
"You know,it's monsters that eat Mewman babies." She said
"Oh, really?Can you name a time when a monster has ever done such a thing?" He said offended
"Well, no, but [rolling] when I was a child, we played a game called "Castle Defender" about Mewmans protecting our babies from ravenous monsters." She said

"That idea had to come from somewhere." She said
"Because it was in a children's board game?" He said
"I just think that monsters would have less of a reputation if they didn't act so bloodthirsty all the time." She said
"Monsters only act that way to protect their babies from Mewmans. You may not understand, but monsters will do anything for our children." Said angrily. I'm almost to the door!!
"Don't talk to me about what I'm willing to do! Why do you think I'm here in this swamp? To protect Star from Toffee! Don't you think I'm worried to death about my husband? But I have to keep star safe! Something you probably wouldn't understand,because you're a monster!" She's mad
"Buff Frog flipped the table You insult me, Queen Moon! My buffbabies, they are my life. And that is why... Star Butterfly!"
He points to me. CRAP! IM LITERALLY ALMOST OUT THE DOOR!
"I will not help you escape!" He siad
"Star!" Moon said
"Buff Frog!" I said felt betrayed
"Star will be safe here." He said
Buff Frog pulls a handle from the ceiling, which springs all kinds of traps into place around his house, effectively locking it down.
"Keeps babies in and dangers out." He said
"I should have realized. But of course. You're a parent too." She said
"I can't believe you're taking her side!" I said angrily
"Go to your room!" They both said at the same time
I stomped to the baby's room. I was mad . I hit and hit the wall . Then I just shoved my face to the wall. I heard something
' Stars really something' was that Buff Frog?
' yeah she is, but I don't really feel connected to her' Moon?
' oh why's that?' Buff Frog asked

'Because she's adopted'

Okay I'm really sorry I said I was going to post this yesterday but I didn't. I will still post today I Promise. I really do.

Star POV
No....
No....
She has to be joking right? Please say it's a joke.

' what really?' I heard Buff Frog say.
'Yes I couldn't I have children so I had to adopt one.' She said
'Does star know?' He asked
'No, and I don't plan on telling her.'

No No No No No
"I have to get out of here" I said to myself. Or at least I thought I did. "We can help you ." I heard. "Not now I'm thinking." I said my lips quivering. " what who said that." I said sounding more confident. "It's me Katrina."I gasp. Acting bubbly. "You guys can talk!" I wipe my face when she wasn't looking."Just me so far. I haven't told my dad yet. There's something else I haven't told him." The rest of the babies moved a toy chest and reveal a hole in the ground. "Sometimes you just gotta sneak out to the club and go dancing." "That's nice." I respond. "Why where you crying a while ago." She ask. "Oh well... I found something out. And it hurt.". She looked at me with pity in her eyes. "What did you find out." She asked. "I-I—I can't say. But that's why I want to leave this place and defeat toffee." "Oh it's okay you don't have to tell me . But let's go through the Hole. We'll go first okay." All of them went in and I waited. *'I shouldn't have the crown. I'm not a butterfly. Stupid necklace.'* I start pulling on the butterfly necklace. Tugging harder and harder 'WHY WONT IT COME OFF.' No matter how hard I tugged. "You can come through now!" Said Katrina. I started to go through the hole but "I'm stuck." I try to move and get through but nothing was working. *Please just let me disappear. 'Just let me shrink down so small*

and disappear.' I was using all my power. Something.*anything.just let me disappear.*
I felt it.
My necklace glowed
What happening? What's going on?
My wish came true.
I didn't disappear,but I shrank. I shocked myself. To tell you the truth I thought I was just going to be stuck there. They'd find me trying to sneak out out and we'd get in trouble. But no. My wish came true.
But something was weird.
I touched my head 'WHAT THE HECK!' There I felt it. Horns. Not the plastic ones. No. They were part of me. I felt it. I turn too feel something too. A tail. 'What's going on?!?' I felt so confused. "You coming." I heard Katrina say from the other side of the . "I'm coming." I couldn't see in there but I need to go back to my normal self. When I was close to the exit I tried to switch back. 'Come on. Come on. Change back. Maybe it happened because I'm using all my magic I can.' I calmed down.my necklace glowed again. And then I grew back to normal size. I exited the hole which this time was big enough . " so what's the plan." I snapped back to reality. "What?" I asked "The plan to defeat toffee." Katrina said. "Oh yeah. I don't have one." I said telling the truth. "Wha.." she seemed shocked. " yeah I really don't plan. I just go for it." I told her. "That's a terrible plan!" She said with concern in her voice. "Don't worry." I said " I am very worried." She said. "I'll see you after I defeat toffee." I start walking away. " she's going to die." I hear her say. But I don't care.

What happened back there?

SO NEW CHAPTER THIS WEEK!

The wispering spell

STAR POV

I walked into the castle in a rat costume Well more like I was in the vents "Remind me to Levitato Manfred." I heard ludo say . I hopped out of the vents and pulled away the 2 rats guarding him . Ludo turns to me and screams. He picks up the emergency phone on the elevator . "Manfred! Manfred, my most trusted ally! I need you!" I was done so I just ripped it off the wall. Just then the elevator doors opened. I kicked Ludo out. I take off my rat head "Where's my dad?" It feels weird to say that but I wasn't thinking . "Star Butterfly?" He asked. I was so done.

So I charged him

"Where's my dad?!" I asked, screaming. "Are you out of your mind?!" Ludo tries to blast me but I dodge as the top of my rat costume is blasted off. I rip the bottom part and lunge at it . He escaped and was going to blast me but he stopped. He looked at his hand which had a broken wand piece "Hmm? Hmm? Right now? But it's not a good time." "You're talking to your hand, dude." I told him . "Hold on! I have to take this. I— Look, this is not a good time to have this conversation." He put his hand in his face and had a conversation with it.

While I wasn't looking, his giant spider attacked me and wrapped me to the floor with its webs. I tried to get out but it wasn't really working. "Okay, so my hand says I can't destroy you, so I have to put you in the dungeon." He said.

"For the last time, where is my dad?" I said venom in my voice "Didn't you hear the song? Ohhh. I defeated him Levitato'd him. And now I'm king." He said pridefully "You what-a-ta-tay-to-ta-tah-to?" I said trying to confuse him so I have a little more time. "Levitato. Ta-tato. Tato! Levitato!" He laughed at me "You're princess of Mewni, and you don't even know Levitato?" I'm not stupid. "You don't know, do you?" I turned to face him "You're being

controlled."

"You're right. You're right, I am being controlled. Controlled by my lust for power!"

"No, Ludo, you're being controlled by Toffee!" I screamed at him "What? No, Toffee's dead! I did this. Me. See that?" He pointed at his flag "Me! Me! And now I'm doing this, too. Take her to the dungeon." "NO!" I respond but a bird grabs me and starts flying me away. "It's your waaaaaand!"

Mini time skip

"Ugh! You think you're so tough!" Screaming to the guards. They chained me to the wall. I tried to show I was strong and put up a fight but in the end they shut the door on me. " Get back here and fight me you cowards!" I shout at the door.
A large figure in a mouse costume is standing outside the door. I hear some fight and see the big mouse costume walk in. It pulls off its mouse head and I see my best friend, Marco Diaz. " Marco!" I excitedly shout. He really is the closest person I have as a friend aside from a ponyhead. He understood me and could deal with me.

"Star! Hiii-yah!" He exclaims. He tried to hit the chains with his hands to break them.
It failed miserably.

"Ow, ow, ow, ow, ow! Pff, okay, that was dumb. Probably should've used the keys." He pulls out the key to the chains and frees me." I can't believe you're here! I was thinking we'd maybe never see each other again!"

"Star?"

"Yeah?"

"Your horns...are poking me."

"Take them off."

He takes them off my head and hugs back. I hear a rustle coming from his stomach. "Your stomach just made a weird noise." I point

out. "Yeah, that was supposed to be a surprise. I brought you this..." he lifts up his hoodie to show a box of Captain Blanche's Sugar Seeds.
"Sorry there's none left. Me and your dad ate 'em all when we were locked up in the dungeon." He replied. "Aw, man, you guys got to eat cereal together in the dungeon? I'm jealous" his face went from comfort to a pitted one.

"Star, your dad, he-"

"Yeah, I know. Ludo tev-a-tay-tato-ta-potato him. If Ludo mastered it, it wouldn't be dangerous. Besides, he's been through worse.plus we have bigger problems right now."

"Well, you're in luck, Star." He said in a proud way? Before I can ask he does a pigeon call. I wait but nothing happens. The awkwardly chuckles and does the pigeon call again. And again nothing happens.

"Come on, guys, we practiced this." He said in an annoyed voice. "Mourning dove!"

Just then I hear a female respond "That's not what doves sound like on Mewni."

"Argh! Just get down here!"

Just then 3 people fall from the ceiling. "Star, allow me to introduce..." he puts on a beret. "la resistance!" He finished with a French accent. Marco unfolds a poorly made map of the castle.

"The easiest way to depose a ruler is to destroy his credibility. So,this virtual pet will represent Ludo. And this 650 dollars is us. And this feather is bird and spider. Normally, they're always with him or nearby, except bird and spider break to feed every five hours. When he's alone, we take this air duct to the throne room. And that's when Foolduke hits him with..."

"Rubber chicken!" Foolduke? I think that's her name says

"Nope."

"Uh, how about whoopee cushion?"

"No, we talked about this before. Ruberiot?"

"I have a ripping parody song I've been working on." He replied with.

"He is great at ruining people's lives with songs." I glare at him. "Marco, it seems like you guys are just kinda playing pranks." I told him. I really need to talk to Ludo before things get worse.

"Yeah, we're still working on that payoff part." Marco said

"Okay, look, what you're doing here is, like, totally super-admirable, and Marco, you've never looked cuter in that beret, but Ludo is not the problem here. Toffee is controlling him. And I don't think a song is gonna fix things-"

I was cut off by the dungeon doors opening.
Ludo enters the dungeon unexpectedly carrying a tray with tea.

"Actually, Star, I was thinking ab-." He opens his eyes and drops the tray when he sees us.

"Guards!" He screams and the big rats come in. I swing at one of the rats but get stopped by the other. They grab both of my hands and restrain me. I turn around and see the rest of my friends having the same faith as me.

"Lock them up aside from this one." He points to me

"You'll never silence the resistance!" Ruberiot says as he gets chained to the wall.

"You!" He pointed to me "You're coming with me! Levitato." I started floating. "Whoaaah! What the heck?!" I groaned

He took me outside to the balcony. He released me from the spell. "All right, Ludo. What are you gonna do now? Levitato me again? Oh, I'm so scared. That was the worst." I said sarcastically.

"Actually, you said something earlier about my, um... about my.."

he puts his 'wand hand' behind his back "about my W-O-N-D."

"Oh, so now you want my help?" I smirk. "Of course I want help! I've been talking to my own hand! It keeps me up all night! I can't sleep, I can't think! I can't focus on my new job as Mewni's beloved monarch!"

I see the wand glow green and point at me. "Wha–? Oh, hello. Yes, of course. I... no... what? Of course I'm beloved! Didn't you hear the song" Ludo said talking to his hand/ roffee again.

I was getting annoyed and shouted "Ludo! Why do you think I came here without a wand?!"

"Because... you were surrendering?" He responded

"It's corrupted! By Toffee! He's in the wands, Ludo."

He paused "In the wa... In the wands?!" He paused for a second then started screaming. "Get him out! I don't want to be corrupted! I don't want to be corrupted! How did he even get in there? How did he even get in there?!"

"I don't know how he got in there. The last time I saw him, he...Ohhhhh!"

"Yuck!"

I sighed "Ludo, please, I think I know how to get Toffee out."

"And then I can go back to being a beloved monarch?" He asked.

"Uh... yeah. Surreee." I totally won't throw him out later.
Ludo holds out his wand arm. I walk over to it and get close

I start to say the whispering spell

The wand shard starts to turn black and I finish.I hear noise behind me.

I turn around and see Moon calling to me. I see Marco and her on

the balcony while Buff Frog is clinging on the edge. "Hey, Moon. Hi, Marco."

A green ghostly Millhorse escapes from Ludo's wand hand. I turn to them "I, uh... I'm sorry, you guys." The millhorse makes a cry in my ear

I see moon tearing up "The... The Whispering Spell." She slams her fist on the tower "No! Star! You get... you get away! You run away from there!" I look at her with sympathy. "It's too late, Mom."

"Does this mean that everything's back to normal?" Ludo asks.

"It's not over yet." I tell him

"What do you mean it's not–" just before he finishes
The wand begins to shoot green thunder then next thing I know

I'm somewhere where I'm not supposed to be
